Phillip Trimble, a Junior at Wasatch High School, has been wrestling since third grade. He was named "Outstanding Wrestler" last weekend in the 4A Layton Invitational. Wasatch took third place there.

Going from a 105 lb. class State Champion last year to a 119 lb. "Outstanding Wrestler" this year is a feat that Phil regards modestly. "I don't feel like I'm wrestling as good now as I was at the end of last year, but I'm sure it will come back."

Phillip, son of Ronald and Barbara Trimble, has defeated six opponents in six matches so far this year. Two matches (one in Layton) were pins, two decided superior wins and two by decision.

"The coach has us in pretty good shape," Phil commented about himself and his teammates. "He's done a good job with us."

Phil is looking forward to wrestling for Wasatch next year but is unsure whether he will wrestle in college. "I guess I'll have to see how things go first," he said.

average.

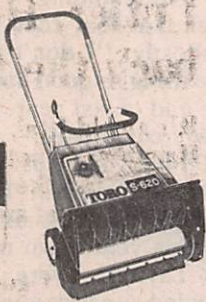

With the greater salary increases provided in 1984-85, the Foundation report indicates that the average Utah salary this year could make some gains against the regional and national averages. As noted, basic salary schedules in Utah were raised by an average of 4.5% this year and the new career-ladder program will provide additional funds for teacher salaries.
